Large authentic chuckwagon used for offsite catering.
Contains a large gas grill that has been used for pancake breakfasts, hamburgers, fajitas and steak dinners. It can cook anything that a person would use for an inside restaurant kitchen grill but tastes better cooked outdoors.
Also included in the sale are camping coolers, pots and pans and utensils for about 100 people.
In addition, a 16 foot goose-neck trailer with wrench is for sale and works great to haul the chuckwagon anywhere.
Unlimited income potential for someone interested in catering events.

PUBLIC NOTICE
DRAFT CATEGORICAL USE ATTAINABILITY ANALYSIS FOR RECREATION

The Wyoming Department of Environmental Quality, Water Quality Division (WDEQ/WQD) has developed a draft of a Categorical Use Attainability Analysis for Recreation. The draft UAA identifies streams in the state that do not support primary contact recreation based on two main factors: insufficient stream flow to support primary contact recreational activities such as swimming and distance from recreation sites and areas frequented by the public and/or children.

WDEQ/WQD is requesting assistance from the public to identify areas within Wyoming that are used for primary contact recreation that are not currently identified as primary in the draft UAA. The department is particularly interested in locations such as pools or other deep water areas that may support primary contact recreation that are currently not identified as primary by the UAA. WDEQ/WQD is also interested in identifying any potential issues with the datasets used in development of the UAA.

The full text of the draft UAA can be reviewed at: http://deq.state.wy.us/wqd/watershed/surfacestandards/Downloads/UAA/Categorical_Rec/Categorical_UAA_for_Recreation_08052013.pdf. The primary and secondary contact recreation designations and the datasets used in development of the UAA are available in a web map that can be accessed at the following website: http://159.238.120.99/DRAFT_UAA/INDEX.HTML.

A public meeting will be held on August 26, 2013 at 10:30 AM in the Cottonwood Room of the Laramie County Public Library in Cheyenne, Wyoming. If entities or individuals cannot attend this meeting, additional public meetings and/or presentations can be scheduled by contacting Lindsay Patterson at 307-777-7079 or Lindsay.Patterson@wyo.gov.

Specific feedback or questions on the draft UAA should be addressed to Lindsay Patterson at 307-777-7079 or Lindsay.Patterson@wyo.gov by the close of business September 30, 2013. Feedback should be accompanied by specific information about the recreational use of streams and/or datasets used in the UAA such as stream name, latitude, longitude, name of individual or entity submitting the information, photos, stream ID number, dataset name, data ID number, etc.

WDEQ/WQD will provide additional opportunity for formal public comment on the Categorical Use Attainability Analysis for Recreation once the information collected as part of this outreach effort has been incorporated into the UAA.

In accordance with the Americans with Disabilities Act, special assistance or alternative formats will be made available upon request for individuals with disabilities. Please provide sufficient advance notice for such requests.
